

KOBE CHRISTIAN V. BALATBAT

Mortgage Broker Associate

Quezon City 1102 | kobebalatbat.va@gmail.com | +63 921 405 5369

PROFESSIONAL SUMMARY

Mortgage Broker Associate with an experience supporting an Australian end-to-end mortgage application processing, loan origination, borrower document collection, underwriting support, and loan file management. Experienced in managing 50+ concurrent loan files across different CRM platforms while maintaining 99%+ data accuracy and compliance standards. Skilled in income verification, credit documentation review, pipeline coordination, customer service, and closing support. Combines mortgage operations expertise with a BS Computer Engineering background to improve workflows, reduce processing errors, and increase operational efficiency.

WORK EXPERIENCE

Mortgage Broker Associate

AU Mortgage Group Company Aug 2024 – Nov 2025

- Managed 50+ concurrent borrower files throughout the mortgage application and loan origination process using Quickli, GoHighLevel, AOL and MyCRM maintaining 99%+ data accuracy and ensuring compliance with documentation requirements.
- Organized and maintained 100+ borrower records, loan files, and closing documents using Microsoft 365 and Google Workspace, keeping files audit-ready and compliant with company standards.
- Supported the processing of 20+ mortgage applications per month by collecting, reviewing, and organizing borrower documentation, income verification records, and supporting materials for underwriting review.
- Coordinated borrower communications, appointment scheduling, follow-ups, and status updates across 5+ active loan officer pipelines, ensuring timely customer service and file progression.
- Assisted with pre-approval preparation, underwriting support, funding coordination, and closing activities while maintaining confidentiality of sensitive financial and personal information for 100+ borrowers.
- Identified workflow inefficiencies and optimized task management processes, improving pipeline visibility and reducing processing delays.
- Supported a pipeline of 50+ active mortgage applications, helping maintain service-level targets and facilitating smooth progression from application through closing.
